Subject: I am sorry to report some bad news

Hey Harvest Rolling Meadows Parents,

I am writing to you tonight to tell you to some bad news that might bring some sadness.

Paxton Singer has been released from his position today as a director of Students at our campus. We found out this morning that Paxton had a compulsive, repetitive and addictive text relationship with a student from another campus. The exchange was verbally inappropriate and broke the boundaries of a pastor/student relationship that is above reproach.

It has deeply saddened us and we have informed our students as well as leaders tonight.

Paxton will be attending the Aurora Campus for the time being where his family attends and he will be given pastoral care on that campus and we are committed to him and to helping him move forward.

Let this be a reminder to all of us what the Lord says in his word – “Sin is crouching at the door.”

Feel free to respond or approach me at Church this weekend with any questions. I will be at Rolling Meadows on Saturday Night and preaching in Aurora on Sunday morning.

**Praying and believing for bright and better days ahead,
Pastor Landon**
